

## **PUBLIC MEETING NOTICE**

The Ohio Business Gateway Steering Committee's Municipal Income Tax Forum is meeting on Wednesday, December 13, 2006 to discuss the Municipal Income Tax Project. The agenda includes:

- Reviewing the status of the Withholding Returns/Payments application.
- Discussing feedback and questions regarding the 2007 Municipal Profile Certification process.
- Exploring and discussing issues/considerations associated with managing who may create and/or submit forms on behalf of individual businesses. OBG is evaluating offering this feature as an enhancement to existing applications.
- Introducing and discussing plans to provide taxpayers with "express" filing options that permit form data to be uploaded from data files as opposed to interactively entered via keyboard. Input from businesses, practitioners, and software partners is appreciated as part of this discussion.
